**AN AUTOMATIC GAS CLOTHES DRYER IS Better than Sunshine ... AND SO EASY**

**SAVES TIME** — Dries ordinary clothes in minutes — blankets in less than an hour!

**SAVES WORK** — Frees you from stooping, stretching and lugging heavy baskets!

**SAVES WEAR** — Gas-dried clothes last longer! No sun-fading or wind-frayed hems!

This is the **BENDIX** Automatic Gas Clothes Dryer. Other leading makes include Amana, Barks, Blackstone, Hamilton, Kenmore, Speed Queen, Temco, Thor and Whirlpool.

Are you still drying clothes outdoors? Then you need an automatic gas clothes dryer. For gas dries clothes faster than sunshine... faster than any other fuel. You have fluffy-soft laundry in minutes any time you choose to wash — day or night — rain or shine. It's sweet-smelling... lint-free... either bone-dry or in perfect ironing condition, just as you wish. An automatic gas clothes dryer eliminates drying drudgery. You simply toss in rinsed laundry, set the control, remove your laundry minutes later. It's as easy as that. Ironing is easier, too — and many pieces, like towels, are ready for linen closet without ironing.

Is such convenience beyond your means? Not at all! The operating cost of an automatic gas clothes dryer is less than 2¢ per dryer-full. And its installed price is also less than that of other automatic dryers. Visit any dealer or your Gas Company. See all that an automatic gas clothes dryer will do for you for so little!
